

177-12-18

U. S. Naval Academy Alumni Association
LOS ANGELES CHAPTER

177-10650

December 6, 1977

Admiral Stansfield Turner, USN '47
Director Central Intelligence Agency
Langley, Virginia

Dear Admiral Turner:

As we commence planning for our fourth annual June Week West, we wish to extend to you and Mrs. Turner a cordial invitation to join us aboard the Queen Mary moored at Long Beach on the weekend of June 17-18, 1978. In the last three years, June Week West has grown to be the largest single alumni event west of Annapolis, currently attracting nearly twelve hundred alumni and wives. Only the Army-Navy game can boost a larger alumni turnout.

In addition to this year's highly successful alumni assembly, cocktail party, banquet and Sunday chapel services aboard the Queen, a number of innovations are being planned for 1978. These include a Saturday morning golf tournament, sea power seminar, naval shipyard tour, and harbor cruise. All in all, we are anticipating the best ever June Week West. If you are able to participate in the assembly as a key-note speaker, it will be even better.

We would be pleased and honored to have you and your wife attend. We earnestly hope that you will be able to join your fellow alumni for a pleasant interlude in your busy schedule.

Very truly yours,

Kimbrough S. Bassett, '53
President Elect
